- BCD 2559 Tyler Barrus, Rattlesnake Creek, Willow Removal

The next three willow removals are a continuance of the previous projects as a goal to send more water down the channel, the same modifications from the previous projects apply, 20 ft from the active channel and only ford the creek in one spot and make sure it's a well anchored spot.

Big Hole - Jim Olsen

- BCD 2541 Violation, Boat Ramp, Big Hole River

There is a rock boat ramp about one mile above browns bridge and a new house. The board has previously decided that there will be no new boat ramps as there is plenty of public ramps and new ramps allow for noxious weeds to take hold and removing willows disturbs the bank. Jess has not heard back from the complainant but FWP is trying to fill out the form and view the site.

- BCD 2542 Violation, Irrigation Pipe under the road into Alder Creek

Complaint form has been received; we are waiting for Jim to be back to review the complaint.

Tom went on the site visit and made some suggestions.

Motions to approve with modifications, by Carl, 2nd Tom, Motion carried.

- BCD 2555 Tim Montana, Smart Creek, Road construction and camping sites

Jim and Tom were unsure if this needed a 310 because it's out of the floodplain but Tim wants to make sure everything is by the books as not to anger the neighbors.

Motions to approve with modifications, by Carl, 2nd Tom, Motion carried.

- BCD 2556 Greg and Donna Scharf, Big Hole River, Dead Tree Removal, not our project
