

Job Announcement

September 15, 2026

BEAVERHEAD CONSERVATION DISTRICT and the Southwest Montana Sagebrush Partnership

Sagebrush Partnership Technicians (October-February)

REQUIREMENTS

- Valid Driver's License
- Reliable Vehicle, Cell Phone
- Passion for Wildlife Conservation and working lands
- Collaborative, Open Minded, and Community Oriented
- Self-Starter
- High school diploma or GED and a minimum of four years of experience with ecological or land management related work.
- Experience with GPS and GIS applications.
- Experience operating various types of equipment in a safe and efficient manner.
- Must be able to obtain related licenses or certifications as required (e.g., herbicide or pesticide application).

The Beaverhead Conservation District Sagebrush Partnership Technicians will work with private and public land managers in southwest Montana on a variety of on-the-ground land stewardship projects to conserve and improve sagebrush steppe habitat. The Sagebrush Partnership Technicians will work closely with the SW Montana Sagebrush Partnership's Conservation Coordinator and other Sagebrush Partnership staff, both in the field and in the office, on projects that include conifer expansion removal, cheatgrass treatments, and prescribed fire. These positions offer a unique opportunity to be involved in a collaborative, science-based, applied conservation program and to gain experience in a wide variety of rangeland issues. They will also have opportunities to aid with other restoration projects, including wet meadow and stream restoration, invasive annual grass mapping, and fence projects to conserve priority habitats and wildlife corridors.
